Supplementary Figure 1. Abnormal feet and nails in MBTs. (A) Lateral view of normal foot with normal digital pads, toes and nails. (B and C) Oblique lateral view of abnormal foot with hyperkeratotic digital pads (red arrows), and twisted toes and nails that curl under the pads (blue arrows). (D) Anterior view of the feet from the animal in Figure 1B and 1C. Red arrow indicates hyperkeratotic digital pads. These photos were kindly provided by dog breeder, Merryl Elphick.
