Blind register:  
100 Main Case Numbers, a total of 20365 persons

25 main case numbers were sampled:  
5100 persons

3328 persons newly registered between 2000-2008
Supplementary Figure S1: Sampling of cases: The blind register is organized by main case numbers (100 in total), which all contain approximately 1% of total files (or persons).
