OCT-A in Evaluation of GA Extension
Supplementary Fig.S1. Results of statistical analysis (Bland-Altman plots) for the intraobserver agreement of three readers. Middle line shows the geometric mean of the ratios. Dotted lines show the 95% agreement limits.
**Supplementary Fig.S2.** Results of statistical analysis (Bland-Altman plots) for the interobserver agreement of three readers. Middle line shows the geometric mean of the ratios. Dotted lines show the 95% agreement limits.

**Supplementary Fig.S3.** Results of statistical analysis (Bland-Altman plots) for the correlation between each couple of imaging techniques. Middle line shows the geometric mean of the ratios. Dotted lines show the 95% agreement limits.
